

**FINANCIAL MESSAGING
SYSTEM (SPFS) VIA
THE NSD SERVICE BUREAU
ALTERNATIVE TO SWIFT**

CURRENTLY THE SPFS IS THE MOST PREFERRED AVAILABLE WAY TO ACCESS BANKS IN RUSSIA

Since 2014 | Available 24/7/365

Risks of the SWIFT have already been realised → Geopolitical situation is conducive to the development of modern financial regional communication networks

The SPFS is an advanced network of financial communication, developed and maintained by the Bank of Russia

01

Transparent rules & principles for financial information exchange

02

Correspondent relations between credit institutions

03

An uninterrupted payment system operation ensured by the Bank of Russia

04

Around 400 users are in the SPFS

SERVICE BUREAU – AN OPTIMAL WAY TO ACCEDE TO THE SPFS

compliant with all the standards and requirements released by the Bank of Russia

The NSD service bureau is the leading one

Connecting to SPFS via the NSD Service Bureau provides following advantages:

- no integration costs with the Bank of Russia
- operations through the existing communication channels & interfaces
- access to all SPFS clients and services

NSD SERVICE BUREAU IS ONE OF THE LARGEST

01

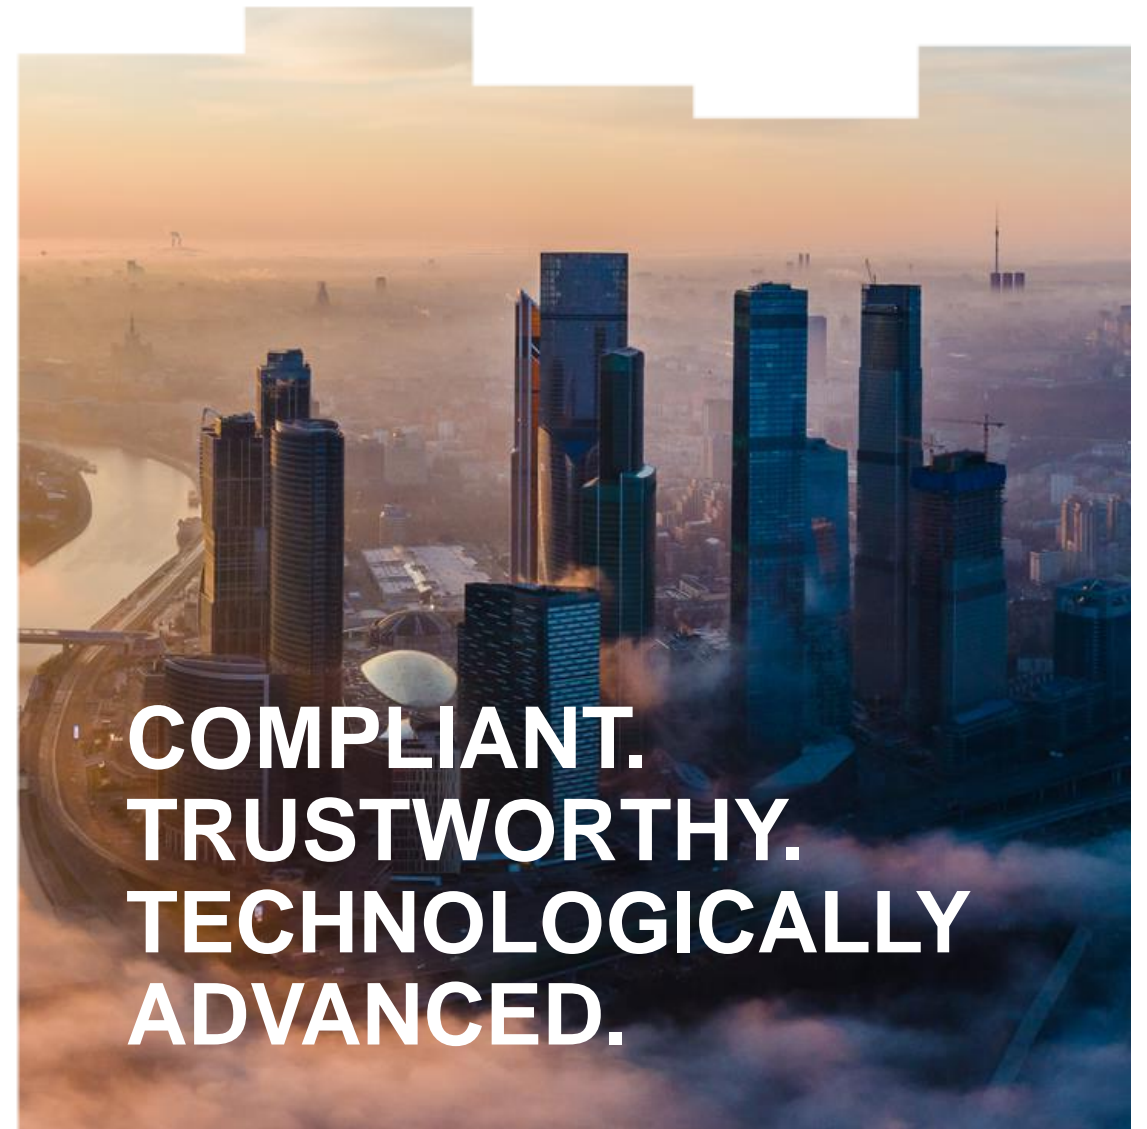

The most prominent,
progressive and substantial
system

02

Provides straightforward connection
process, allows real-time data
synchronization

03

Various standards
of financial messages transmission
are available: **individual**, **SWIFT**,
ISO

**COMPLIANT.
TRUSTWORTHY.
TECHNOLOGICALLY
ADVANCED.**

SPFS GEOGRAPHY

Russian banks and major corporations are already members of the SPFS

ON THEIR WAY:

- Countries from CIS
- Eastern Asia
- Middle East
- South-Eastern Europe

THANK YOU!
