

REQUEST FOR EXPRESSION OF INTEREST (CONSULTING SERVICE)

**The Bank of Mongolia (BOM)
Payment System Modernization Project (PSMP), Loan No. 3072-MON
Specialist on Core Banking System / BOM General Ledger modernization**

1. Background

The Bank of Mongolia (BOM) invites eligible consultants to express their interest in providing the consulting service to prepare technical requirements for the selection of the Core Banking System / Enterprise Resource Planning System (CBS/ERP) by BOM, including customization and localization.

2. Objectives

The objective of this consulting engagement is to provide a consultancy service in the development of the functional and technical specifications for CBS/ERP of BOM, to develop strategy/roadmap for CBS/ERP modernization and to develop technical requirements with technical specifications and standards for the hardware, networking and software as well as a cost estimation of proposed system.

Within this project scope, BOM is planning to replace the current Core banking system and Human resource system with CBS/ERP, compliant with international standards applied to accounting system and enterprise resource management, as complete modernization of accounting and enterprise system solutions.

The purpose objectives of the assignment are to achieve the following:

1. To develop requirements for CBS/ERP and the necessary interfaces between the systems as well as interfaces to other third party systems in a manner that ensures optimum effectiveness and efficiency of the systems.
2. Create a plan for the transition from the current state to the new systems, including the people side and technology side to ensure a smooth transition with minimal disruptions as well as to avoid any unnecessary resistance to the changes.
3. To design new CBS/ERP processes that are most suitable to BOM resulting from the implementation of systems in order to ensure that BOM achieves maximum benefit from the implementation of these systems.

3. Requirements

The Consultant shall be an individual that meet the following qualifications as:

- At least 8 years of international working experience in the area of Core banking System in a central banking environment.
- Previous experience in at least 2 (two) contracts as leading functional and technical discussions and consultations with government agencies in other similarly situated developing countries is an important prerequisite.

- Previous experience in leading, working in or consulting the team which successfully established the **payment and accounting systems** in a Central Banking environment in at least 2 (two) other countries;
- Proficiency in English language and effective communication and interpersonal communications skills are mandatory.

The work is expected to commence in October 2016. The duration of the assignment is 2 months and the duration of on-site (in Mongolia) works is up to 24 days (2 times, first time up to 14 days, last time up to 10 days). The estimated man-days for this assignment are no more than 3 months. The Lump Sum contract will be awarded for this consulting service.
